APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PR-4204

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Regional District of Columbia-Shuswap, Box 978, Salmon Arm, B.C. V0E 2T0, hereby applies for an amendment, as described below, to Pollution Control

Permit PR-4204, granted on October 2, 1975, to authorize the discharge of refuse from municipal sources located at Malakwa, to the ground at a site approximately 19 miles east of Sicamous.

To amend Appendix 01 by deleting those words of item (e) which read "landfill operation as directed" and substituting therefor the words "landfill and controlled burning operation in accordance with Pollution Control Objectives as directed."

The purpose of the foregoing amendment is to permit the burning of demolition refuse, stumps, trees, and similar items but excluding putrescible refuse and the like. The volume of refuse to be burned shall be approximately 17-15 cubic yards at a frequency of (*) times a year.

This application, dated on May 12, 1978, was posted on the ground in accordance with the Pollution Control Regulations.

* It is suggested that since the refuse site is not regularly under supervision, it would be more practical and would present less fire hazard if burning was allowed on a weekly basis. An accumulation of combustibles over a period of time could result in starting of fires by unauthorized persons.
